Welcome to the **BRAND-NEW** syntax reading group at the AS, where fellow nerds are provided a time and a place to discuss recent developments in **SYNTACTIC THEORY** on a (bi)weekly basis. More specifically, we'll be dealing with the latest development in generative linguistics – **LINGUISTIC MINIMALISM**.

Feel free to come – whatever your background! No advanced English skills required! Reading material will be made available as **DOWNLOADS** (see below).

The circle is supposed to be an **INFORMAL FORUM** for the discussion of **FORMAL SYNTAX**. So, don't hesitate, drop by! There's **BEER** afterwards!
